UK & IRELAND

Discover a nation steeped in rich history and grand traditions. Be inspired by the outstanding natural beauty of the English countryside, the remote highlands and rugged coastlines of Scotland, and the magnificent mountains and rolling hills of Wales.

Combine this with picturesque harbour villages, historic castles and a friendly welcome for which the Irish are renowned, and an adventure unlike any other awaits you.

DRIVING TIPS

In Britain and Ireland, you will be driving on the left-hand side of the road. Where possible, avoid driving in cities and take advantage of the many 'Park & Ride' options situated on the city outskirts. Away from the main motorways and dual carriageways, British and Irish roads can be narrow, but you will find that on rural roads, locals are usually very courteous. In the United Kingdom, speed limits are shown in miles per hour, whilst in the Republic of Ireland, they are signposted in kilometres.

These privately owned, hidden gems are often farms, country estates, pubs or vacant land offering picturesque solitude away from the crowds and are the closest thing you will find to 'free' camping.

INDEPENDENT SITES

The UK has a full range of campsite options available to you. Our parent company, Alan Rogers UK, provide access to over 8,000 independent campsites across the UK and Europe, giving us plenty of options to offer you. Speak to our team for more details.

FREE CAMPING

Free Camping (or Wild Camping) is discouraged and is illegal throughout England and Wales unless you receive the landowner's permission. Wild camping is possible in Scotland however, but is subject to a number of restrictions, please ask us for more information.

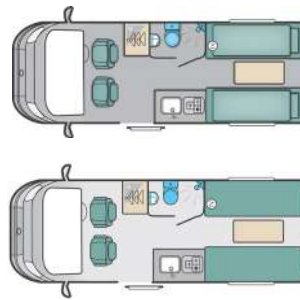

We carefully select our motorhome rental partners to ensure that vehicle safety, maintenance and quality is of the highest standard. We work with many companies, allowing us to provide you with a wide range of vehicle types in terms of both price and size.

EUROPE

A journey through Central Europe and Scandinavia provides a wide variety of experiences that will live long in your memory. Iconic European cities, medieval castles, historical monuments, a never-ending kaleidoscope of changing, dramatic landscapes and captivating cultural experiences await you on your European adventure. From the idyllic beauty of Lake Como to the romance of Paris, the sheer magnificence of Dubrovnik, to the bijou city of Seville, let us help you plan your dream holiday.

DRIVING TIPS

Vehicles drive on the right-hand side of the road in Europe. Regulations, driving customs, and road signs can confuse first-time visitors, so we recommend familiarising yourself with the local road rules before you leave home. An International Driving Permit (IDP) is required for driving in many parts of Europe. It is not a substitute for your driver's license, which should be carried with you at all times. You may encounter several toll roads, bridges and tunnels during your travels, particularly in France and Italy.

CAMPSITES & MOTORHOMES

With thousands of campsites throughout Europe, planning your itinerary can be a little daunting. We have set out some options for you below but feel free to ask our specialists for assistance. Pre-booking is recommended in some regions, especially if you're travelling during the northern hemisphere summer.

CARAVAN AND MOTORHOME CLUB APPROVED SITES

The Club works with over 300 of the best sites across Europe. These sites have been hand-picked, inspected and approved by our contracting team so we have 100% confidence in recommending them to you. They range from smaller, family-owned campsites to larger resort-style complexes with a wide range of facilities.

COMMERCIAL CAMPSITES

Europe has a wide range of campsites to choose from and our parent company, Alan Rogers UK, provide access to over 8,000 independent campsites across the UK & Europe, giving us plenty of options to offer you. Speak to our team for more details.

FREE CAMPING

Whilst Free Camping (or Wild Camping) is discouraged and is illegal in some countries, a great low-cost alternative is Aires. Most Aires should be considered more of a convenient stop rather than a holiday park as they are mostly public parking areas or privately-owned land with no amenities where you can stay overnight for free or a small charge.

FERRY AND EUROTUNNEL SERVICES

If you're looking to start and finish your holiday in the UK, our connections with all major ferry operators and Eurotunnel ensure you'll be offered best deals and widest range of options. With sailings to France, Spain, the Netherlands and Belgium, we can get you a head start to your touring holiday. It does pay to book early though as low fares can be snapped up quickly.

The cultural and natural diversity of Europe makes it the perfect road trip destination, with the region well set up for touring by motorhome. Travelling between countries is easy; the most difficult decision you will have is deciding what route to take!

We work with several motorhome operators throughout Europe, so the choice of vehicles on offer is expansive, with depots located in dozens of countries and cities. We are happy to recommend and discuss your options with you to ensure you hire the right vehicle to suit your travel requirements.

DRIVING TIPS

Vehicles drive on the right-hand side of the road in Canada. Most Canadian roads are generally well developed, and the lack of traffic makes driving very enjoyable. As the world's second-largest country, driving distances can be large, so be sure to plan your trip with this in mind. Within Canada, laws, signage and provincial rules vary across the country. Road signs and speed limits are all posted in km/h.

24 DAY ESCORTED TOUR

THE CANADIAN ROCKIES

The Rocky Mountains are home to ice-capped peaks and vast glaciers in Alberta and British Columbia. Keep your eyes peeled for the indigenous wildlife, including bears, wolves, moose and coyotes. You will experience pristine blue lakes, alpine meadows, and the beautiful resorts of Banff, Jasper and Whistler. Your experienced tour guides will ensure you experience the best of the region and return home with lifelong memories.

DAYS 1-2 CALGARY

Calgary has a rich western heritage as Canada's 'Cowtown'. We recommend taking in the views from the Calgary Tower Observation Deck or stepping back in time at the Heritage Park Historical Village.

DAYS 3-5 BANFF

On day three, you'll pick up your RV and begin your journey with the drive to Banff. Located in the heart of the Rocky Mountains, you'll be able to explore Banff and its surroundings at your leisure. You'll have plenty of time to see the sights, including Lake Minnewanka, the Vermilion Lakes and Johnston Canyon. Sulphur Mountain is worth a visit, and here you can dip in the hot pools or take the gondola to the top of the mountain.

DAYS 6-7 JASPER

The Icefields Parkway is often considered the world's most spectacular road. Running 230km from Lake Louise to Jasper, it features the best of Rocky Mountain scenery, with cascading rivers, high mountain passes, alpine glaciers, snowy peaks and crystal clear turquoise lakes. The Yellowhead Highway leads you through Mount Robson Provincial Park, home of the highest peak in the Canadian Rockies. The wildlife found here is exceptional and includes grizzlies, moose, caribou, wolves and cougars. In addition there are golf courses, spas and riding stables to keep you busy.

DAYS 12 CACHE CREEK

The craggy peaks give way to desert-like terrain as you approach Kamloops, once a stopping point for fur traders and frontiersmen. On to Cache Creek, also built on the fur trade and gold digging. Some say the town took its name when travellers hid their gold 'cache' along the riverbanks, others say it was merely a storage facility for furs and supplies. The Historic Hat Creek Ranch is a popular visit, allowing an insight into life during the Gold Rush days.

DAYS 13-14 WHISTLER

Drive up through the stunning Coastal Mountains heading to Whistler today. Be sure to pause for sensational views, none more so than at Duffey and Joffre Lakes. CAMPSITES & MOTORHOMES

There are a huge number of campgrounds located throughout Canada. Most of the state-owned camping grounds are generously proportioned, and the sites are well spread out. Another option is private camping grounds which are usually more luxurious. If you are travelling during peak periods, we recommend you pre-book at least your first few nights stay in advance, and if you're a little unsure about backing your RV into place, we suggest booking a 'Pull-Thru RV Site,' which will allow you to drive in one way and pull out the other when you leave.

PARKS CANADA

Parks Canada offers different types of campgrounds offering various levels of amenities and service. Staying inside the National Parks means the park is on your doorstep, allowing you to spend more of your time enjoying everything the parks have to offer.

CANADA CAMPING

From lakeside resorts to wilderness and family campgrounds, the Canadian Camping and RV Council can help you find a campground by province, specific amenities and much more!

FREE CAMPING

Free camping in Canada is known as boondocking, dry camping or wild camping and is legal in many areas of Canada but prohibited in others, so be sure to abide by all the local laws. These are largely undeveloped areas of Crown land that are generally located well off the main roads, often down bumpy tracks next to rivers and lakes and don't tend to come with many (if any) facilities. Non-Canadian citizens may require a permit or pay a small fee to freecamp. Staying on private land or overnighting in rest stops is not permitted.

Canada is the second-largest country in the world and is a popular destination for self-drive motorhome holidays. Depots are located in numerous cities across Canada.

There are many motorhome brands offering a huge choice of vehicles and sizes. Below is just a small sample of the many types of Campervans and RVs available. We are happy to discuss your options to ensure you hire the right vehicle to suit your needs and budget.

With National Parks to die for, blissful beaches to unwind on and thrilling cities to excite the senses, nowhere else offers you quite the same sublime and ridiculous mix of experiences.

DRIVING TIPS

America has an excellent highway system making it easy to drive vast distances from state to state. You'll drive on the right-hand side of the road in the USA, and speed limits and distances are shown in miles, not kilometres. Wide-open roads will comfortably carry you to some of the most extraordinary great outdoors you can imagine, but with different laws in different states, you should always be aware of signs and other posted regulations.

CAMPSITES & MOTORHOMES

There are thousands of campgrounds located throughout the United States. If you are travelling during peak periods, we recommend you pre-book at least your first few nights stay in advance. And if you're a little unsure about backing your RV into place, we suggest booking a 'Pull-Thru RV Site' which will allow you to drive in one way and pull out the other.

America's 63 National Parks boast some of the finest campgrounds in the country and there are over 130 sites to choose from. From staying within walking distance of the rim of the Grand Canyon, to waking up alongside the famous sheer granite cliffs and waterfalls of Yosemite National Park, campsites in the National Parks enable you to enjoy the parks as nature intended

STATE PARKS USA

KOA

With more than 500 campgrounds throughout North America, KOA is the best-known RV park association. With sites in every state, you should have no trouble finding a convenient campground.

FREE CAMPING

Also known as boondocking or wild camping, there is no shortage of free camping spots in the US. You can usually camp for free with your RV on Bureau of Land Management lands, in national forests and on grasslands. Private land is definitely off-limits. There are a number of crowd-sourced websites offering information on boondocking but these may not always be up-to-date or 100% accurate.

There are millions of miles of wide, open roads just waiting to be explored in America and you can go anywhere, at any time and at your own pace in your motorhome. Depots are located in numerous cities throughout the USA.

There are many motorhome brands offering a huge variety of vehicles and sizes. Below is just a small sample of the many types of RV's available and we are happy to discuss your options with you to ensure that you hire the right vehicle for your needs.

Become a true adventurer and explore the safari plains, winding rivers, towering mountains and crystal-clear lagoons of the Rainbow Nation. Discover magical and mysterious landscapes filled with extraordinary wildlife, fertile floodplains and fascinating people with a rich cultural heritage. DRIVING TIPS

South Africa's roads are generally well maintained, well signposted (in English) and pleasant to drive. Vehicles drive on the left as they do here in Australia & New Zealand, and speed limits and distances are indicated in kilometres. Other Southern African roads are more varied, especially in Namibia, where you will find more dusty and bumpy gravel tracks along with tarred roads. Be sure to take animal warning signs seriously as wildlife does wander onto the roadways and can cause significant problems.

CAMPSITES & MOTORHOMES

The Southern Africa camping experience is a truly special one.

In addition to the many catered and self-catered places to stay in Southern Africa, there are hundreds of camping, campervan and motorhome sites that are in or near popular nature reserves, wildlife parks, tourist attractions and spectacular coastlines that stretch for thousands of kilometres.

There are basic campsites where visitors come to enjoy the serenity of the outdoors without the hustle and bustle of city life. Some of these have electricity and ablutions available while others are more rustic, little more than a clearing in the verdant vegetation.

Most campsites offer powered sites for campervans and motorhomes. The shared bathrooms and toilets are often basic but are usually well attended to. Easy access to shared kitchen and bathroom facilities is generally available and many sites will also offer a private barbeque facility where campfires are permitted. Some even offer a small, private kitchen wash-up facility.

Many campsites in Southern Africa form part of a hotel or lodge and campers may use the lodge facilities such as restaurants, swimming pools and laundry.

Some of the most popular camping destinations include the Kruger National Park and Garden Route in South Africa, Sossusvlei and Etosha National Park in Namibia, and the beautiful Chobe National Park in Botswana. Whatever your preference, Southern Africa has something for everyone.

Southern Africa is just waiting to be explored and the easiest way to discover its unique geography and diverse wildlife is through a motorhome holiday. On your travels, you're sure to encounter world-class cuisine and wine, sun-kissed beaches, stunning coastlines, and spectacular game reserves.

If you're looking for a self-drive safari adventure, we work with a number of motorhome operators to offer a range of vehicles with depots located in Johannesburg, Durban, Cape Town, Port Elizabeth, and Windhoek (Namibia), many located close to the airport. NEW ZEALAND

New Zealand truly is a breathtakingly beautiful place, where spectacular fiords wait to be explored, and towering mountains cloak wide open spaces of untouched wilderness. It is a mystical place of rolling hills, boiling mud pools, ancient rainforests, picturesque lakes, myths and legends. Its majestic scenery is captivating and awe-inspiring. Add to this the fascinating and rich Maori culture, and a holiday experience unlike any other awaits you.

DRIVING TIPS

Wide, well maintained and easily navigated, the roads in New Zealand are generally excellent, making driving here a delight. You may encounter some single-lane bridges in more remote areas, but these are well signposted to indicate who has the right of way. Vehicles drive on the left-hand side of the road, and speed and distance are measured in kilometres. Travel time may take a little longer than expected due to winding roads, so it is recommended to occasionally pull over to allow vehicles behind to pass.

23 DAY INDEPENDENT HOLIDAY

AUSTRALIA'S NORTHERN TERRITORY

Discover idyllic waterfalls, vast wetlands, pristine swimming spots, beautiful walking trails and the hidden natural wonders of Litchfield & Kakadu National Parks. Journey south to Australia's Red Centre, home to many sacred sites including Uluru (Ayers Rock) and keep a look out for local wildlife as you explore the great Australian Outback.

DAYS 1-2 ARRIVE DARWIN

On arrival in Darwin, a representative will meet you and transfer you to your centrally-located hotel for a two-night stay. Enjoy a free day to explore this relaxed, modern city.

DAYS 3-4 LITCHFIELD NATIONAL PARK

This morning, you will be transferred to the motorhome depot to collect your vehicle, then head east to Litchfield National Park. Spend time soaking up this beautiful wonder of the Top End, complete with picturesque walking tracks, idyllic waterfalls, scenic swimming spots and hidden natural gems including Wangi Falls and Florence Falls.

DAYS 5-6 JABIRU (KAKADU NATIONAL PARK)

Covering some 20,000 square kilometres, Kakadu is Australia's largest national park. Its vast wetlands and ancient escarpment are home to one of Australia's largest and most diverse bird populations and carry outstanding natural and cultural significance.

DAY 7 COOINDA (KAKADU NATIONAL PARK)

Visit Nourlangie where you will find some of the world's oldest and most impressive rock art, as well as spectacular views of the Arnhem Land escarpment. Cruise alongside the Yellow Water Billabong surrounded by the spectacular landscape and witness the unique flora and fauna.

DAYS 8-9 KATHERINE GORGE

Head south towards Katherine, making a stop at Edith Falls to enjoy a swim in the paperbark- and pandanus-fringed pool at the base of the falls (may be closed Nov-Apr). A Yellow Waters billabong cruise is included today where you can view crocodiles and a myriad of birdlife. Visit the Warradjan Aboriginal Culture Centre where the traditional Aboriginal landowners (Bininj) tell stories of their culture through displays and exhibitions. Whilst in Katherine, enjoy a traditional Nit Nit Dreaming cruise in Katherine Gorge and discover the cultural and historical significance of the area.

DAYS 10-11 MATARANKA HOMESTEAD

Continue south to the Mataranka Homestead, situated between two rivers. Freshwater crocodiles can be seen basking on the banks of the Waterhouse River and the Little Roper river, abundant with Barramundi and other fish. Mataranka Homestead is home to Maddie and other orphan wallabies which have been hand raised at the homestead.

DAY 12 DALY WATERS

This small outback town is famous for the Daly Waters pub which dates back to 1930. This historic watering hole has a turbulent history of shoot outs in the main street, murders, cattle stampeding through the town and drunken brawls. Today the only shoot out is at the bar during Happy Hour and the only brawling done is between the gangs of Happy Jacks (local birds). It's a pub now known for its wall of memorabilia, traditional Aussie cuisine and a range of refreshing beers.

DAYS 13-14 TENNANT CREEK

Continue your journey along the Stuart Highway towards Tennant Creek and the Barkly Tablelands, known for its million-acre cattle stations, gold mining heritage, iconic rock formations and Aboriginal culture. Visit the Devils Marbles & meet local artists at the Aboriginal Art Galleries at Tennant Creek. Re-live Australia's last gold rush in the 1930s on an underground tour at the Battery Hill Mining Centre.

DAYS 15-16 ALICE SPRINGS

Located on the frequently dry Todd River, the city of Alice Springs has retained its pioneering heritage and Outback friendliness. The town came into existence as a result of the building of the Overland Telegraph in 1871 and is today a major attraction for visitors.

DAYS 17-18 KINGS CANYON

Kings Canyon is the deepest gorge in the Red Centre and is incredibly beautiful. Waterholes on the canyon floor never completely dry up and foster lush growth, which includes palms of ancient biological origin. A path to the rim of the gorge leads to the Lost City, where the rock has worn away to resemble ruins. High in the canyon and very difficult to reach is the Garden of Eden, an oasis of waterholes and plant life.

DAYS 19-21 ULURU

The magnificent and iconic monolith of Uluru (formerly known as Ayers Rock) captured the imagination of the Australian Aboriginals centuries before European settlement. It is steeped in legend, mythology, and folklore and coupled with the mysterious rock formations at Kata Tjuta (the Olgas) close by, this is a truly unique experience. During your stay, you will enjoy a Sounds of Silence Dinner where you will enjoy champagne & canapés while the sun sets. Enjoy Northern Territory culinary delights such as barramundi, kangaroo, crocodile and bush salads before the lanterns are extinguished. The resident astronomer then takes you on a journey through the star-filled night sky.

DAY 22 RETURN TO ALICE SPRINGS

Return to Alice Springs today and drop off your motorhome before being transferred to your centrally-located hotel.

CAMPSITES & MOTORHOMES

Australians love camping, so you'll have no trouble finding somewhere to stay, whether you're looking for serviced holiday parks close to major attractions or more simple campsites in national parks and other natural places. If you are travelling during peak periods, we recommend you pre-book at least your first few nights stay in advance.

AUSTRALIA'S NATIONAL PARKS

Escape the crowds with a visit to lesser-known nature spots. Australia's National Parks are run by the states and are generally more basic and budget compared to traditional holiday parks. Fees will vary depending on location and facilities, but they are usually more remote and picturesque.

HOLIDAY PARKS & CAMPGROUNDS

Australia is blessed with thousands of caravan parks, also known as holiday or tourist parks. We suggest staying at Big4 Holiday Parks, G'day Parks, Discovery and Top Parks which all offer powered sites in unique locations nationwide. And there are many more who offer a warm Aussie welcome in popular and sensational holiday destinations across the country.

FREE CAMPING

Freedom camping is your chance to holiday off the grid, but it does come with responsibility. Free camping can be found throughout all states and territories in Australia, but each has different rules. There are tough penalties for those who break them so if you're unsure, contact the nearest visitor centre. Free camping can be enjoyed in national and state parks, but few have power or dump points. Be sure to take all rubbish with you and leave your site as you found it.

When should I book?

The popularity of 'motorhoming' has never been so high. For tailor-made holidays, early booking is highly recommended to avoid disappointment. Many rental companies have adopted a dynamic pricing policy meaning prices rise as demand increases, so you should expect to get the best deals by booking well in advance. This also means you will have a greater choice of vehicles and be able to secure your preferred travel dates.

When is the best time to travel?

The most popular time to travel is in the peak summer months of the destination you are travelling to. You will generally get cheaper rates if you travel outside of the high season. Roads are generally less crowded and the demand for campsites is less busy.

What insurance do I need to take out?

In addition to your travel insurance, you will need to take out insurance to cover damage to the motorhome in the event of an accident. Standard vehicle insurance is usually included in the daily hire rate, but the excess payable is often substantial. Most companies offer different liability reduction options and we suggest you consider purchasing these to reduce your excess amount to the minimum.

How long should I allow for my holiday?

Many people make the mistake of underestimating the distances involved in destinations such as USA, Canada, Europe and Australia. Similarly, road conditions in smaller nations like New Zealand and the UK can make for a slower travel time. If you have time constraints, you may be better focusing on certain states or regions and consider returning at another time to continue exploring those places you have yet to visit. Speak to one of our team members who can suggest tried and tested itineraries so that you get the most out of your holiday in the time you have available.

Are one-way rentals available?

Yes one-way rentals are available and a number of the holidays featured in this brochure include them. They are often subject to a one-way rental fee as the motorhome hire company will need to return the vehicle to its original depot. Our knowledgeable team will be happy to provide details and discuss your options with you.

I've never driven a motorhome before, is that a problem?

Certainly not! For many of our clients, this will be their first motorhome holiday. A full, one-to-one instruction will be provided at the collection of your vehicle, allowing you plenty of time to familiarise yourself with the controls and ask questions.

Can I use my ordinary drivers' license?

It's possible for anyone aged over the age of 21 years to rent the vehicles offered in this brochure using an ordinary full Australian or New Zealand driving licence. This includes the larger American 'A' class RVs. An International Driving Permit (IDP) is a legal requirement for some parts of Europe and whilst not mandatory, we do advise carrying an IDP if travelling to America, Canada and South Africa.

How old do I have to be to drive a motorhome?

The minimum age requirement in most countries is 21 years old. The upper age limit varies from country to country and is determined by the rental company. For example, in Europe and the UK, the upper age limit ranges from 76-80 years whilst there is no upper age limit in either New Zealand or Australia. Ask our team to confirm any age limits based on your travel destination.

Do we have to travel in convoy on an escorted tour?

The answer is no in all destinations, except for the Tale of Three Countries tour in Southern Africa where 4x4 motorhomes are used. The roads on this tour can be challenging in certain areas (hence the need for a 4x4) and we have a back-up vehicle with a mechanic onboard that travels at the rear of the group to help you in the event of a puncture or mechanical breakdown. However, on non-travelling days where you are spending consecutive nights at the same campsite you will be free to explore as you please.

Do I need to prebook campsites and ferries?

Prebooking campsites and ferries is definitely recommended in peak travel months. If you travel out of season, it is not always necessary to prebook these. If we are unable to make specific campsite bookings for you, we will supply you with information on where and how to book campsites.

Is the motorhome fully equipped?

The majority of motorhomes come fully equipped with kitchen utensils, linen and bedding. Depending on the package you book, it may also come with Sat Nav or GPS and camping table and chairs.

Is there room to store my luggage?

We recommend that you take soft bags and suitcases rather than rigid ones if possible. They are much easier to store in the motorhome as storage space can be limited although some vehicles do come with a large 'garage'. Some rental companies will allow you to leave luggage at their depot providing you are returning to the same location, whilst others do offer a forwarding service (subject to charge).

What happens if we breakdown?

Breakdown cover is included in all rentals and you will be provided with a 24/7 emergency telephone contact number that you should call. Depending on the nature of the problem, someone will be sent out to assist you or you may be asked to carry on to the next major town and arrange for the repairs to be done there.

What is a security deposit?

Most companies will ask you to leave a security deposit against damage to the motorhome, often equal to the amount of the insurance excess. This is usually paid by credit card, with some companies processing the transaction which results in monies debited from your account and then refunded at the end of your hire. Others may simply take an imprint of your card. Your security deposit may also be used to pay any fees charged by the rental company for returning the vehicle in an unclean state or by failing to empty all the grey and black water tanks or cassettes.

Do you work with all motorhome rental companies?

We have carefully selected our rental partners in all the countries we offer, to ensure that vehicle safety, maintenance and quality is of the highest standard. We can provide a wide range of vehicle types in terms of both price and size for each destination, but we also work with a number of other companies who are not featured in this brochure. Ask for details from one of our travel specialists.

TERMS & CONDITIONS

The following Booking Terms & Conditions form the basis of your contract with Alan Rogers (Australia) Pty Ltd ("Alan Rogers Travel", "we", "our" "us" and "Company") ABN: 87 639 697 322, trading as Alan Rogers Travel and Worldwide Caravan & Motorhome Holidays.

Please read them carefully as they set out your and our respective rights and obligations. By asking us to confirm your booking, you acknowledge that you have read, understood and agree to be bound by these Booking Conditions. We reserve the right to change these Booking Conditions at any time prior to you making a booking request.

References in these booking conditions to your 'holiday' are references to any tour, excursions, vehicle hire, short trips, accommodation and any services you have booked with Alan Rogers Travel.

Governing Law

These booking conditions are governed by the law in force in Queensland, Australia. Any claim or legal action against overseas suppliers is likely to be subject to the terms of your contract with them and may be governed by the laws of other countries.

Price Validity

Published prices are valid at the time of publication but are subject to change. The most up to date pricing is available on our website. They may be varied by advertising or special offers, or changed after the publication date for any reason, including without limitation, to cover changes in government taxes and charges, exchange rate variations, fuel surcharges, airline charges, a force majeure event or other material increases by suppliers. Prices may vary depending on seasonality and will be confirmed at time of booking. Once the deposit is paid, the price will be guaranteed.

Confirmation of Services

Your acceptance of a quotation, or your booking request, does not guarantee actual availability of the requested flights, tours, rental vehicle, accommodation or any other services until you receive a confirmation invoice from Alan Rogers Travel. The services we provide to you are limited to (a) the arrangement and coordination of your travel arrangements; and (b) the delivery of travel arrangements which we directly control. This includes (often significant) work undertaken prior to travel to arrange and coordinate the delivery of your travel arrangements.

Please note that we may not hold any services for you until we receive payment of your deposit, meaning that services may become unavailable or prices may increase, in which case you will be responsible for paying the increased price, and we will not be responsible if services become unavailable.

Making a Booking

All holidays are subject to availability at the time of booking. A booking is made with us when a) you tell us that you would like to accept our written or verbal quotation; b) you pay us the applicable deposit (if you are booking within 75 days of departure, full payment is due at the time of booking); and c) we issue you with a booking confirmation. It is at this point that a contract between us and you comes into existence subject to these Booking Conditions.

Please check your confirmation invoice carefully as soon as you receive it and contact us immediately if any information appears to be incorrect or incomplete, as it may not be possible to make changes later. We regret we cannot accept any liability if we are not notified of any inaccuracies (for which we are responsible) in any document within ten days of our sending it out (five days for tickets). We will do our best to rectify any mistake notified to us outside these time limits, but you must meet any costs involved in doing so. If you wish to change or cancel any arrangements later, you may have to pay an amendment fee or cancellation charge.

If you place a booking on behalf of another party, you represent and warrant us that you are duly authorised to provide the agreement and consent of the other party to be bound by these Booking Conditions. You agree that you will be responsible for any loss or damage we incur if this is not the case.

Client Names - Exactly as per passport

For security reasons, airlines and our overseas suppliers require names to be given exactly as stated in your passport. If you do not advise the correct information and we have to re-issue airline tickets or other documentation, then you will be responsible for any fees charged (such as airline cancellation charges or re-issue fees) in addition to our own reasonable administration fees.

Deposits & Final Payments

A deposit of \$1000 per person or 10% of the total booking value (whichever is the greater) is required at the time of booking. The deposit represents a fee payable to us for services associated with the processing and confirmation of your booking and any consultations on travel arrangements that we may provide to you. Because these services are provided as soon as we confirm your booking, the deposit is non-refundable other than where we cancel your travel arrangements for reasons other than Force Majeure (see below).

The final balance must be paid in full by the date(s) reflected on your invoice OR no later than 75 days prior to the travel commencement date. We are under no obligation to remind you of a payment becoming due. If we fail to receive a payment from you by the due date for payment in clear funds, then this will be deemed a cancellation by you (see below). Please note that some trips may require payment (including full payment) earlier or in additional instalments and this will be advised with the booking confirmation.

If you are booking within 75 days of travel date, full payment is due at the time of request. You acknowledge that we may not be able to confirm services, in which case we will provide you with a refund.

In addition to the above, any flights booked by Alan Rogers Travel on your behalf, may require immediate payment and this will be advised at the time of booking. Please note that many airfares are non-refundable once ticketed.

We reserve the right to return your deposit and decline to issue a confirmation at our absolute discretion. A binding contract will come into existence between you and us as soon as we have issued you with a booking confirmation that will confirm the details of your booking and will be sent to you.

Alan Rogers Travel reserves the right to cancel any ticket or booking or, refuse to honour any price or carry any passenger where any payment has not been received by Alan Rogers Travel within the specified time.

Amendments & Changes to your Booking

If you wish to change any part of your booking arrangements after our confirmation invoice has been issued, you must inform us in writing as soon as possible. This should be done by the first named person on the booking. Whilst we will do our best to assist, we cannot guarantee that we will be able to meet your requested change. Where we can meet a request, all changes will be subject to payment of an administration fee of \$50 per person per change as well as any applicable rate changes or extra costs incurred, as well as any costs incurred by ourselves and any costs or charges incurred or imposed by any of our suppliers. You should be aware that these costs could increase the closer to the departure date that changes are made, and you should contact us as soon as possible. Where we are unable to assist you and you do not wish to proceed with the original booking, we will treat this as a cancellation by you and a cancellation fee may be payable. If you are prevented from travelling, it may be possible to transfer your booking to another suitable person provided that written notice is given. An administration fee will be charged, details available upon request. Note: Certain arrangements may not be amended after they have been confirmed and any alteration could incur a cancellation charge of up to 100% of that part of the arrangements eg. airfares

Cancellation Policy

If you or any other members of your party decide to cancel your confirmed booking, you must notify us in writing. Your notice of cancellation will only take effect when it is received in writing by us at our offices and will be effective from the date on which we receive it. The cancellation charges applicable and shown below represent a percentage of the total holiday price:

- If cancelled prior to the final balance due date, a cancellation fee of the deposit paid applies plus any applicable non-refundable third-party supplier and airline charges (please be aware that some airfares may be fully non-refundable)
- 45-74 days prior to travel date, a 50% cancellation fee applies plus any applicable non-refundable third-party supplier and airline charges (please be aware that some airfares may be fully non-refundable)
- Within 44 days of travel commencement or no show, a cancellation fee of 100% of the total booking value applies.

You agree that the deductions and cancellation charges specified above are reasonable, represent a genuine pre-estimate of our loss and are required to protect our legitimate business interests. If the reason for your cancellation is covered under the terms of your insurance policy, you may be able to reclaim these charges.

For group departures, a transfer of a confirmed booking to an alternative departure date within the same season can be done subject to availability and without charge, up to 120 days prior to travel date. Within 120 days, such transfer is deemed to be a cancellation of the original booking and fees will apply as shown above.

New or Changed Quarantine Requirements

If after we confirm your booking: (a) new or changed quarantine requirements are imposed by government authorities either in a destination you are due to visit or in your home state or country and these remain in effect 60 days before commencement of travel arrangements booked with us; and (b) these new or changed quarantine requirements make it reasonably impractical for you to travel; then (c) you may give us written notice to cancel your trip not less than 45 days prior to commencement of the first arrangement.

If you cancel travel arrangements in these circumstances, then we will refund payments made by you less: (a) unrecoverable third party costs and other expenses incurred by us in relation to your travel arrangements; (b) overhead charges incurred by us relative to the price of your travel arrangements; and (c) fair compensation for work undertaken by us in relation to your travel arrangements until the time of cancellation and in connection with the processing of any refund.

Cancellation or Changes made by Us

It is unlikely that we will have to make any changes to your travel arrangements, but as we plan our arrangements many months in advance, occasionally we may have to make changes and we reserve the right to do so at any time. Most of these changes will be minor and we will advise you of them at the earliest possible date.

Escorted motorhome tours are subject to minimum numbers travelling and if this minimum is not reached, we reserve the right to cancel the tour and will advise you no later than 120 days before the planned departure date. Should this happen, we will offer an alternative tour date or suggest a tailor-made motorhome holiday in lieu and you will be provided with a new booking confirmation invoice with a revised holiday cost. If this is not acceptable, you can cancel at no cost and you will be refunded your deposit. Alan Rogers Travel disclaims any liability to you for the costs of airfares, visas or any other expenses incurred by you as a result of postponement or cancellation of your escorted motorhome tour by us whether due to Force Majeure or otherwise.

You acknowledge that the itinerary, modes of transport, accommodation and/or the trip's inclusions may need to change during your trip due to local circumstances beyond our reasonable control, including road conditions, poor weather, changes in transport schedules, and/or vehicle breakdowns. You agree that we have the right to pass on any costs we incur for alternative arrangements we put in place for your benefit in these circumstances.

To the fullest extent permitted by law, we will not be responsible for any omissions or modifications to the itinerary or the inclusions due to Force Majeure or other circumstances beyond our control happening after we have accepted your booking. This includes any loss of enjoyment or distress caused by omissions or modifications. If you are entitled to any compensation for any modifications or omissions, then you agree it will be reduced by the value of any alternative services we provide which you accept. We will not be responsible to you for any other expenses or loss you incur in connection with your booking resulting from any amendment or change to the itinerary or its inclusions.

Unused & Denied Services

Please note that no refund shall be made for any travel arrangements not utilised, whether by choice or because of late arrival or early departure. Any alteration to the holiday outside the planned itinerary, made by a traveller, shall be wholly at the expense of the traveller. Alan Rogers Travel does not authorise the employees of any overseas supplier or service provider to promise refunds or to make undertakings to clients on other matters on our behalf.

If you are not fully and validly vaccinated against Covid-19 in the destination(s) where services are to be provided, and particular suppliers refuse to provide you with travel arrangements, then you agree you will not be entitled to any refund for those arrangements. We will not be responsible to you for any loss or expenses you incur (including loss of enjoyment or the costs of alternative arrangements) if you are denied services in these circumstances.

Cutting Your Holiday Short

If you are forced to return home early, we cannot refund the cost of any services you have not used. If you cut short your holiday and return home early in circumstances where you have no reasonable cause for complaint about the services provided, we will not offer you any refund for that part of your holiday not completed, or be liable for, any associated costs you may incur. Depending on the circumstances, your travel insurance may offer cover for curtailment and we suggest that any claim is made directly with them.

Passport, Visa and Immigration Requirements and Health Formalities

It is your responsibility to check and fulfil the passport, visa, health and immigration requirements applicable to your holiday. We can only provide general information about this. You must check requirements for your own specific circumstances with the relevant Embassies and/or Consulates and your own doctor as applicable. Requirements do change and you must check the up-to-date information in good time before departure.

Most countries now require passports to be valid for at least 6 months after your return date. If your passport is in its final year, you should check with the Embassy of the country you are visiting.

We do not accept any responsibility if you cannot travel or incur any other loss because you have not complied with any passport, visa, immigration requirements or health formalities. Alan Rogers Travel is not responsible for delays or missed portions of the holiday resulting from incorrect travel documents or visas.

We strongly recommend that you familiarise yourself with the latest Government Consular advice and information before making a booking and before departure by calling or visiting websites of the Department of Foreign Affairs & Trade in Australia or the Ministry of Foreign Affairs & Trade in New Zealand.

Travel Insurance

Adequate travel insurance is a condition of your contract with us. You must be satisfied that your insurance fully covers you and your party against all of your personal requirements, including the cost of cancellation by you, the cost of assistance (including repatriation) in the event of accident or illness, loss of baggage and money and other relevant expenses. If you fail to travel with adequate insurance cover, we will not be liable for any losses in respect of which insurance cover would otherwise have been available. It is the responsibility of the traveller to arrange their own insurance.

Special Requests

Any special requests must be advised to us at the time of booking eg. dietary & meal requirements, room location, etc. You should then confirm your requests to us in writing. Whilst every effort will be made by us to try and arrange your reasonable special requests, we cannot guarantee that they will be fulfilled. The fact that a special request has been noted on your confirmation invoice or any other documentation or that it has been passed on to the supplier is not confirmation that the request will be met. Failure to meet any special request will not be a breach of contract on our part unless the request has been specifically confirmed. We do not accept bookings that are conditional upon any special request being met.

Errors & Omissions

We endeavour to ensure that all the information and prices both on our website and in our brochures are accurate; however, occasionally changes and errors occur and we reserve the right to correct prices and other details in such circumstances and will notify you as soon as possible. You must check the current price and all other details relating to the arrangements that you wish to book before your booking is confirmed.

Health & Fitness

It is your responsibility to ensure that you have a suitable level of health and fitness to undertake the trip of your choice.

If you suffer from a medical condition which may reasonably be expected to increase your risk of needing medical attention, or which may affect the normal conduct of the trip, then you must advise us at the time you make your booking request.

Alan Rogers Travel welcomes passengers with disabilities or special needs, and we will do our utmost to cater for any special requirements you may have. If you or any member of your party has any medical problem or disability which may affect your holiday, please provide us with full details before we confirm your booking so that we can try to advise you as to the suitability of your chosen arrangements.

We may request you to provide an assessment of your medical condition from a qualified medical practitioner. If the assessment indicates that you will require special assistance from personnel which we cannot reasonably provide, then we may cancel your booking. Provided you notified us of your medical condition at the time you made your booking request, we will provide you with a full of refund of payments made. If you fail to notify us at that time or if you fail to provide a medical assessment within a reasonable time of our request, then this will be considered a cancellation by you.

We reserve the right to cancel your booking if any changed or non-disclosed medical conditions mean that you will require special assistance which we cannot reasonably provide.

We strongly suggest that your travel insurance policy includes comprehensive cancellation coverage.

Refusal of Carriage

We retain the right to remove customers from our escorted motorhome tours for reasons that impact on the enjoyment or safety of other tour members, such as, but not limited to, the physical, medical or mental inability of customers to undertake the arrangements of the tour, unsocial or unruly behaviour, or the carriage of prohibited substances and materials. You will not be entitled to any refund for unused services, and you will be responsible for any additional costs you incur.

Independent Services

We are not responsible for any additional activities or excursions which are not included in the booked itinerary or which we sell as agent for the principal operator. Any advice or recommendation made by a guide or local representative does not make us responsible.

Credit & Debit Card Surcharges

If you pay Alan Rogers Travel by credit or debit card, surcharges will apply. In the case of credit cards, a surcharge of between 1% and 2% (depending on the card used), will be added to the tour price. In the case of debit cards, a charge of 0.5% will be added to the tour price.

Security Deposits

All motorhome rental companies require a minimum of one internationally recognised credit card for a security bond. Cash security deposits are possible in some instances but must be requested in advance.

Age Limits

Generally, the minimum age for a hirer is 21 years but this can vary by motorhome rental company and country. Maximum age limits and/or young driver surcharges may apply. Please check with your consultant at the time of booking.

One Way Rentals

If you return your vehicle to a different location from where you collected it, you will incur a one-way fee. Charges and conditions vary between suppliers and vehicle types. Details will be advised at the time of reservation. If you vary your drop off point, additional charges may apply.

Force Majeure

Except where otherwise expressly stated in these booking conditions we will not be liable or pay you compensation if our contractual obligations to you are affected by any event which we or the supplier(s) of the service(s) in question could not, even with all due care, foresee or avoid. These events can include, but are not limited to: war, threat of war, civil strife, industrial dispute, terrorist activity or the threat of such activity; the act of any government or other national or local authority including changes or amendments in regulations or access to services, sites or countries caused by declared epidemic or pandemic events; natural disasters including fire, earthquake, floods and adverse weather conditions; nuclear, chemical or biological disasters resulting in contamination or environmental pollution; and all similar events outside our or the supplier(s) concerned control.

If Alan Rogers Travel, in its reasonable opinion, considers that any Force Majeure event prevents it (whether directly or through its employees, contractors, subcontractors and agents) from lawfully or safely providing any products or services subject of the booking contract with you, Alan Rogers Travel may immediately by written notice: (a) cancel your travel arrangements (in whole or in part) thus terminating the booking contract with you (in whole or in part); and/or (b) reschedule your travel arrangements as reasonably practicable (in whole or in part)

If we cancel any of your travel arrangements, neither of us will have any claim for damages against the other for the cancelled arrangements. However, we will refund payments attributable to the cancelled travel arrangements less: (a) unrecoverable third party costs and other expenses incurred by us for the cancelled travel arrangements; (b) overhead charges incurred by us relative to the price of the cancelled travel arrangements; and (c) fair compensation for work undertaken by us in relation to the cancelled travel arrangements until the time of cancellation and in connection with the processing of any refund.

COVID-19 Important Information

We strongly recommend that you familiarise yourself with airline and government requirements around passenger safety and COVID-19, including the possible need to produce evidence meeting airline and border control requirements in relation to a negative COVID-19 test. Airlines, hotels and other travel service providers will be required to comply with national and/or local guidance relating to COVID-19 and may have implemented certain measures as a result, including (but not limited to), the use of face masks, hand sanitisation, social distancing etc.

You acknowledge that you are choosing to travel at a time when you may be exposed to COVID-19. It is your own responsibility to acquaint yourself with all relevant travel information including applicable health risks. You acknowledge that your decision to travel has been made based on your own consideration of this information and you acknowledge and agree that you are aware of, and assume responsibility for, the risks associated with travelling at this time.

We will have no liability for any refunds, compensation, expenses or losses of any kind incurred by you (including medical treatment if applicable) in the following circumstances:

a) If due to any illness, suspected illness or failure to satisfy any required tests or vaccination requirements or any other measures imposed by an airline, travel service provider or government body,

or refuse to submit to testing or assessment when requested to do so and as such, are denied entry to board the flight, entry to the destination, access to services or are otherwise unable to proceed with your holiday: or

b) If you, or any of your travelling companions, test positive for COVID-19 and are required to quarantine for a period of time, or are notified or otherwise become aware that you have, or suspect you may have, come into close contact with someone who has tested positive for COVID-19

If any of the above should occur whilst you are travelling, please notify us without delay and we will provide such reasonable assistance as we can in the circumstances. However, we will not be responsible for the cost of any curtailment of your holiday, additional accommodation and travel arrangements or other associated costs incurred by you. You must ensure you have adequate travel insurance with specific COVID-19 coverage which covers these costs for you.

Vaccinations

We strongly encourage you to be fully vaccinated against Covid-19 with a vaccine approved by the Therapeutic Goods Administration. This is so health risks for yourself and others you come into contact with, can be mitigated. Subject to the Illness or Vaccination Status Preventing Travel section above, if you choose to travel without being fully vaccinated, then you do so accepting the implicit risks to your health and you agree to provide us with waivers and releases as we may require.

It is your responsibility to obtain vaccinations and preventative medicines as may be required for the duration of the trip. Any information provided by us is given in good faith.
